ITALY IS STUNNED BY TREMENDOUS LOSS OF LIFE

Score Of Towns Wiped Out-Loss Between 100,000 and 200,000 Souls

[Associated Daily Telegram] Rome, Dec. 31.—It is now estimated that fully 110,000 persons lost their lives in Messina and Reggio alone, and the immensity of the disaster in southern Italy can be measured by these figures.

A score of other towns and villages have also been devastated, and thousands of victims in these places must be added to the roll. In the face of these awful totals, all Italy stands appalled.

Nor has the full death list yet been reached. Shiploads of refugees have arrived at Naples and other ports, and the vast majority of these are solely injured. Other thousands remain near the ruins of their homes, or wander half starving, half naked over the land. The forces that overwhelmed the cities also destroyed the means of sustenance. Telegraphic communication has been established with Messina, the apparatus having been established in a railway van. Messages which have come over the line, though they have been meager in detail, show that hope is gone. Nothing remains of the city but a mass of ruins that have been swept by fire. A mere handful of survivors is being cared for by the rescuing forces, but their distress is great and it is increased by the violent icy wind that followed the deluge of rain. Destitution is everywhere and appalling. There is little food and less water. Of Messina's 90,000 population it is believed that fully 70,000 perished. Forty thousand people died in Reggio.

King Victor Emmanuel and Queen Helena were in Messina. The king explored the ruins regardless of the danger to which he exposed himself. He was often moved to tears at the heartrending scenes he came upon at every turn. The king was loud in his praise of the splendid work accomplished by Italian, Russian and English bluejackets, who saved many persons who otherwise would have inevitably perished. The queen spent the day in the wards of improvised hospitals, visiting the wounded, many of whom lost all that was dear to them. Her majesty did her best to cheer them with womanly words of consolation, often breaking into sobs as she listened to their dreadful tales of suffering.

GOVERNMENT ACTIVE

Seeks Information of Missing American Tourists.

Washington, Dec. 31.—Every effort is being made by the state department to obtain news of American citizens who were in the earthquake zone in Italy and whose fate has caused their friends much uneasiness and an appeal to the department to help locate them. Ambassador Griscom at Rome was directed to cable promptly any information obtainable regarding the missing people and to send some of the American vice consuls in Italy to the scene of distress to render whatever aid possible. Efforts also are being made to keep in communication with Deputy Consul Lupton at Messina, to the end that prompt advice may reach here regarding any Americans in trouble there.

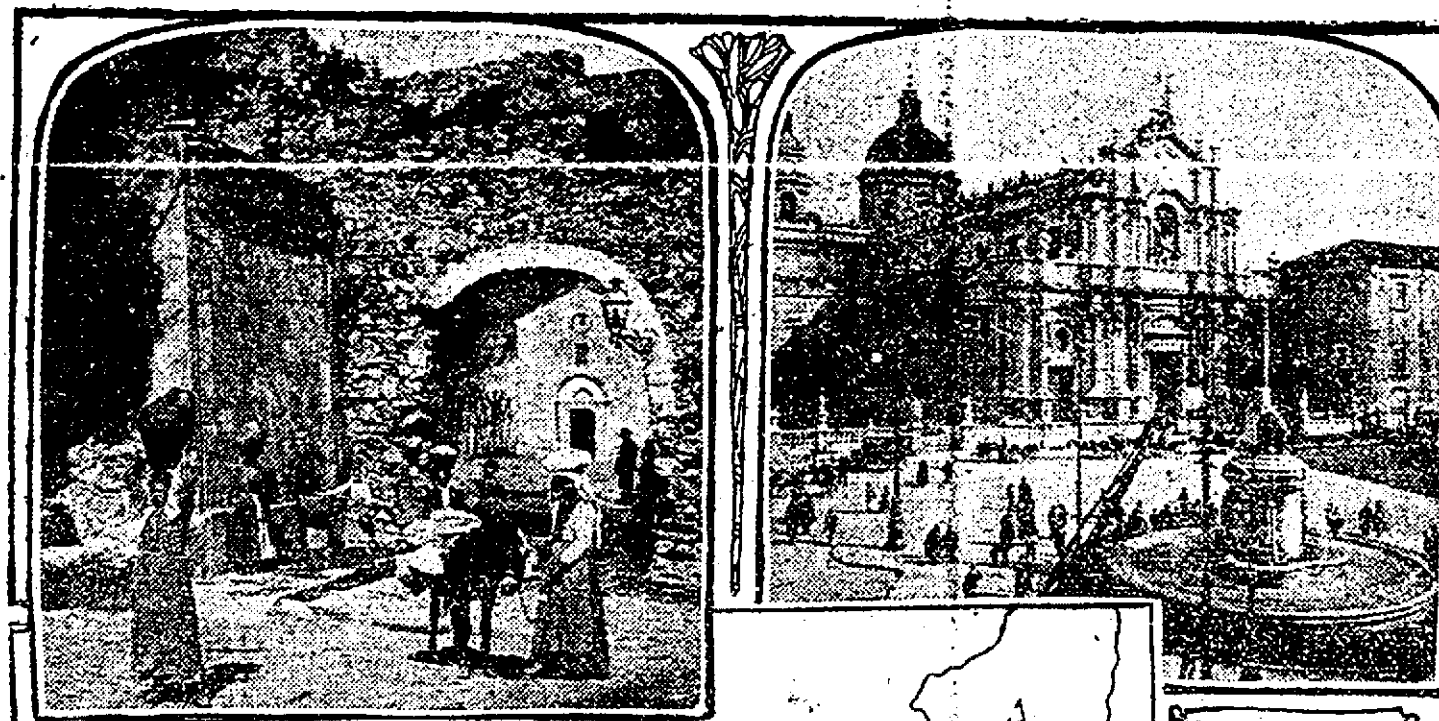

The state department announced that it will make public promptly to the press any information received from its officials in Italy, so that news from there will reach those immediately interested at the first possible moment. The department's information is that the winter tourist season has not yet fully begun in Sicily. The impression among officials is that those Americans who were in the earthquake zone in that island were mainly at Taormina.

CATHEDRAL AT CATANIA

MEDITERRANEAN SEA

CATHEDRAL AT SYRACUSE

The estimated loss of life in the earthquake and tidal wave in Sicily, according to the late reports, was 200,000. One half of the ancient city of Messina, which had a population of 90,000 was destroyed. The magnificent cathedral built in the Norman period and which had withstood the shock of many earthquakes and the clash of contending armies for ages was badly damaged. Its dome was wrecked. The great cathedral at Catania was also damaged, as were nearly all the historic edifices throughout the island. At the cathedral in Catania Archbishop Nava exhorted the people to be quiet, promising that the relics of St. Agatha should be carried around in procession. In 1669, when a fearful eruption of Mount Etna occurred, the relics of the saint were credited with diverting the flow of lava from the town.

WANT TO START CANNING FACTORY IN THIS CITY

A western canning factory has written to The Age wanting to know the prospects for locating such a plant here. The matter has been turned over to the board of trade. It is not known whether local farmers would be interested in such a proposition or not, but in many places canning factories have proved most profitable.

LOCAL OPTION FIGHT; COURT HOUSE CRACKS

[Associated Daily Telegram] Ottawa, O., Dec. 31.—Putnam county's old courthouse cracked just before Judge Cameron started to try the local option contest case. Guards were placed at the doors of the courtroom and the number of people allowed inside was limited to 200. When they left they were told to go quietly, as the judge was afraid too much commotion would cause the old building to collapse.

JUDGE DUNCAN FORMS FIRM WITH VOORHEES

A new law firm makes its bow in Coshocton with the new year. Another announcement is made today of the retirement of Judge Voorhees from the firm of Voorhees & Voorhees, having been elected to the circuit bench, and that Judge Duncan takes Judge Voorhees place in the firm the new name to be Duncan & Voorhees, B. F. Voorhees continuing in the firm as junior partner. The

46 Years Ago Today On a Battlefield

Today, Dec. 31, is always a most harrowing anniversary for one of Coshocton's best known citizens, Health Officer Ed Abbott. His experience at the battle of Murfreesboro is a well known story in Coshocton. The Age having printed it serially a couple of years ago—how when shot down he lay on the battlefield for nine days among the dead and dying and was later picked up and his life and limb saved. His left leg was shot through the thigh bone and has always baffled surgeons, he can shorten it eight inches, and can twist the foot around till the toe is where the heel ought to be; yet he can walk without a limp and they do say can shuffle off as handy a horn-pipe as when he was a boy.

"When I awakened this morning about 4 o'clock," he said to an Age man, "my mind went back 45 years to the day and almost to the hour, and I wish I could describe the rush of memories that flooded me. I was lying on a feather bed, but in mind and spirit I was down in Tennessee. It was 46 years ago at about 8

o'clock in the morning when I was shot through the leg while handling a piece of artillery, and found myself on my back in an old cotton field. My brother had been wounded but had crawled away. I could not move. The armies were fighting right over where I lay. I couldn't raise a finger; all I could do was think. Like lightning the panorama of all my life flashed through my head; I thought first of my mother and how she had tried to teach me the lessons of divine truth when I was a lad at her knee. I ran over my deeds right and wrong, and tried to think if I did live till the new year if I could start it with a clear conscience. And now 46 years afterward almost the same line of thoughts rushed through my brain, and I realized while far from perfection yet I was in peace with my fellowmen, harbored no hatred or malice in my heart against a living soul—and I jumped out of bed feeling as though I had been attending an old fashioned Methodist class meeting, and that we all of us have something to live for."

Pennsy To Plat a Park On Old Station Site

The moving of the Pennsy freight depot is going to mean a grand improvement to Coshocton on Fifth street especially from a landscape standpoint. The freight depot out of the road, the bumper was removed late Tuesday evening and gravel and ballast for foundation work will soon be arriving. The Pennsy passenger

platform is to be extended clear to Walnut street and will be twelve feet wide. Behind it one track will come half way from Walnut to the passenger building. Beyond the track, the ground will be fertilized and a fine park will be made with large and handsome flower beds and a fountain. The old wooden platform that adjoined the freight station is being torn away while the only thing to take its place will be a sheet by which machinery, automobiles, etc., will be unloaded near Walnut street. The Pennsy people have awakened to the realization that Coshocton is a town of more than meager importance, are helping to boost a good place along, and Coshocton appreciates their enterprise and spirit.

NO AGE NEW YEARS

There will be no issue of The Daily Age Friday, Jan. 1, 1909, on account of the New Year's holiday.

COSHOCTON MAN BORN AT SCENE OF ITALIAN DISASTER

Mike Mecurio, one of the prominent Italians of this city, is more than casually interested in the great earthquake disaster in Sicily and southern Italy as he lived about 40 miles from Messina where most of the lives have been lost. His home town, Palermo, the capital of Sicily is separated from Messina by a small bay of the Mediterranean Sea and the latter city can easily be reached by water in a little over an hour.

Mr. Mecurio left his native land when he was 20 years of age and can remember very distinctly the scene of the present disaster. He says that when one stands in a favorable place the port lights of Messina can be seen.

Palermo is perfectly safe and none of Mr. Mecurio's relatives have, as far as he has heard, succumbed. Mr. Mecurio's home is almost in the shadow of the huge mountain whose belchings have caused so much sorrow and suffering in that part of the country.

The fugitives from Catania and Messina are fleeing to the home town of Mr. Mecurio and probably his nearest relatives are sheltering some of them in the house in which Mike used to play as a boy.

It is said that some of the Italians working on the new Warwick mines hail from regions directly surrounding the devastation.

Ohio's New Senator

ALL DROP OUT AND BURTON GETS IT

[Associated Daily Telegram] COLUMBUS, DEC. 31.—TAFT, FORAKER AND THE MINOR

CANDIDATES WITHDREW FROM THE SENATORIAL RACE TODAY.

LEAVING A CLEAR FIELD FOR BURTON.

THIS ACTION FOLLOWED A CONFERENCE AT NOON TODAY.

TAFT WITHDREW IN FAVOR OF BURTON, CAUSING THE OTHERS

TO FOLLOW SUIT.

Taft issued a statement saying he had sought the senatorship without reliance on the popularity or prestige of any other man and without any expectation that his motive would be misinterpreted. He says a condition has arisen which imposed a higher duty upon him than mere gratification of his personal ambition; fearing a prolonged contest would divide the Republican party in Ohio, he withdrew from the senatorial race in the interests of party harmony.

Senator Foraker followed with a statement formally withdrawing. He said he was gratified at the developments, that he himself was willing at all times to make personal sacrifice in the interest of party unity. The withdrawal of Taft he declared clears the situation and make his candidacy no longer necessary.

Leaped From a Window, 2nd Floor

A trio of criminals all handcuffed in a row boarded the early Thursday morning train for Columbus in company with Officer Doney and were taken to the Columbus workhouse.

Edgar and Willis Miller, Newark lads, mixed up in the Conesville grape juice episode and Ben Kelly, who stole an overcoat, carried a loaded gun and rode the Pennsy trains were the victims.

The details of the capture of the Miller boys has just been learned. When Officer Doney in company with several Newark blue coats went to get the boys, Edgar was employed in the Newark glass works. Instead of giving up peacefully he showed fight and had to be thrown to the floor by the men and handcuffed. Willis, the younger one, who was cornered in a two story building leaped from the top floor and was caught after a hard chase. With the fine and costs attached the Miller boys will have to put in 90 days apiece behind the gloomy walls pounding stone; Kelly will have to spend about half the number of days the Miller boys serve, forty.

COSHOCTON TEAM IS READY FOR SHOOT

Captained by J. M. Fennell, the Coshocton Gun club has organized with ten members who are said to be some marksmen when it comes to jingling the bell. New Year's day at 1 o'clock the Roscoe gun club will shoot under the leadership of Mayor Foster with the Coshocton boys in the Roscoe town hall. At the first shoot the losing team will be required to pay for the ammunition only. The clubs will be organized permanently and hold weekly meets. The teams will be changed from time to time according to the ability of men coming in and when a satisfactory bunch of marksmen are got together prizes will be awarded to the winners.

Wielders of the flintlocks for Coshocton are: Capt. J. M. Fennell, Arthur Barriek, Jesse Haller, George Fennell, Stanley Walker, Robert Huff, Bernard Hallley, Wm. West, George Irvine, Frank West.

PROVISION CO. HAS A GOOD YEAR

The annual invoice of the Coshocton Provision Co. was held Tuesday and Wednesday of this week. Business during the past year has been very good and the firm has prospered well. The business outlook for 1909 is extremely flowery and indications point to a successful year. The annual dividend will be declared at the first meeting of the company which will be held in January.

Ed Rose Wants Pardon

The application of Edward Rose for a pardon from the penitentiary will come up at the January meeting of the board of pardons. He was sent up for 18 months last March for non-support. It is believed he will be released by the pardon board since a recent decision of the supreme court holds that a husband cannot be convicted by the testimony of his wife.

LONGWILL'S

PICTURE LECTURE DREW BIG CROWD

Packed to overflowing was the Sixth Street theatre Wednesday night at the free show given by the trades labor council. Chas. Mc Morrow speaker for the international boot and shoe workers of America. His talk was to the point and was full of practical interests. He explained the purpose of the trades union saying that they were organized to shorten the work days and to increase the wages of the laborers. To abolish child labor, the sweat shops and convict labor. He said that the trades labor councils of America had done more for this country than all the churches and other organizations combined. The great cause of the use of intoxicating liquors he said is poverty. "So long as the working man has no other home but to watch for the time when his children are old enough to be placed in the mill or sweat shop to increase the family's income, the great temperance wave that is passing through the country will be of no account for they will become despondent in time and seek to drown their sorrows in whiskey, and no matter where they are they will get it."

He closed by explaining all of the union labor emblems which were shown on the screen from a stereopticon. Illustrated songs and interesting motion pictures were entertaining.

Weak Women
To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.
Dr. Shoop's Night Cure is the local.
Dr. Shoop's Restorative, the Constitutional.
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy. While Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.
The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well

SECOND WEEK OF FEBRUARY FOR THE BIG POULTRYSHOW

The first chicken fanciers show will probably be given in the city hall the second week in February. This was practically the outcome of the meeting held Wednesday evening.

A large and enthusiastic number of chicken fanciers gathered in the Renner barber shop Wednesday evening and discussed the many points and arrangements necessary to the giving of a successful poultry show. Initiation and membership fee was placed at \$1 with a season's ticket good for the four day exhibit thrown in. Season tickets will be issued at twenty-five cents, while single admissions were placed at ten cents. The entering and scoring fees were placed at 25 and 15 cents respectively. Several judges who were communicated with by Asst. Secy. J. Q. Adams replied favorably; among them are some of the best in the country: Chas. E. Craun, Cairo; S. T. Camel, Mansfield; N. M. Barger, Gallion; Chas. McClave, New London, noted the country over and several times a judge at the New York chicken shows. The constitution and by-laws were read by Charles Gallagher and voted in and approved by all the members. The executive committee is composed of all the officers of the club: Pres., Dr. S. A. Stacy; vice president, Frank Retzler; secretary, Al Renner, assistant secretary, J. Q. Adams; Supt., Quincy Dunlap, assist. supt., D. C. Martin, and treasurer, George Stewart. Besides this number the chair appointed Messrs. Ricketts, Smith, Gallagher, Randles, Scott, Poe and Herbig to serve on the executive committee. A committee to look after the printing and advertising of the show was also appointed by Pres. Stacy and is composed of the following: Chas. Gallagher, chairman; C. Herbig and W. M. Smith. T. J. Hanley and Joe Thomson will probably give prizes in the way of feed while several local business places have signified their intentions to help boost the project along by donating prizes.

WELCOME WORDS TO WOMEN
Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration, and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

IS THIS A SQUARE DEAL?

C. E. Anderson, the Druggist will Give You Your Money Back If MI-ONA Does Not Cure Dyspepsia

C. E. Anderson makes this square deal offer because he is authorized to do so by the makers of Mi-ona tablets, and he is willing to have this statement appear in The Age because he knows the offer is genuine.

And while it may be that there are about 8 cases in 100 that are too far gone for Mi-ona to cure, we are willing and ready to take all the chances, and if Mi-ona does not cure, any dyspeptic can have his money back.

Even with this liberal offer C. E. Anderson will not have to refund but a very small percentage, because the 8 incurable dyspeptics will find so much relief in Mi-ona that they will once again look upon the sunny side of life, and will continue to use Mi-ona.

Now, reader, you may say how can the makers of Mi-ona make such an offer? How do they know that 92 per cent. of the users will be cured, and that the other 8 per cent. or the incurables, will be relieved?

Why, it's all very simple. We've made this same offer in 1000 towns before we made it here, and we have figured out the percentages, so that when we make the statement we know it to be absolutely true.

"Mi-ona tablets are truly great for anyone that has stomach trouble. I can not praise them too highly for what they have done for me."—Mrs. W. D. Bennett, Bucksport, Me.

The price is only 50 cents a box.

AN ITCHING PALM

No Cure for it. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even poslam, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, poslam will stop the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Poslam comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. C. E. Anderson makes a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-Fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

MAY PROVE FATAL

When Will Coshocton People Learn the Importance of it?

Backache is only a simple thing at first.

But when you know 'tis from the kidneys.

That serious kidney troubles follow.

That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Coshocton citizen.

Mrs. Mary A. Deeds, 349 North Fifth street, Coshocton, Ohio, says: "My health was very poor when I began using Doan's Kidney Pills and I had pains in my back and hips so severe that I could not do my work. The kidney secretions passed too frequently and I also had symptoms of dropsy, my feet and limbs swelling so badly at times that I was unable to put on my shoes. I procured Doan's Kidney Pills after I had given up all hope of ever being cured and as a result of their use I am now free from every symptom of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

GOOD BYE OLD YEAR
 The year 1933 is dying, and as the poet sings, "let her die" and look forward to the promise of the new year. It has been a strenuous year. It opened with a continuance of a severe business depression that started the fall before, but the financial clouds have gradually been lifting and the sun of prosperity is beginning to shine again as the year draws to a close. It has seen one of the greatest political battles of modern times; the American fleet has sailed around the globe, the greatest armada the world ever saw, there have been bloody revolutions and monarchs have been slain; great men have passed away; and locally, the year has been marked by the greatest boosting movement any Ohio town ever saw—the wonderful work of securing the great Clov factories last spring. And in spite of widely varying opinions later in the year on the matter of onion, the year closes with the boosting spirit still dominant and growing in Coshocton. Like the year 1932 the greatest catastrophe held back till the closing days of the year—the Italian earthquake has caused a most astounding loss of life and property, and cast a gloom over Christendom. But the human heart is buoyed up by eternal hope, and the prospects for the new year are most glowing. 1933 will see the greatest forward step Coshocton has ever known; it will see the number of residents multiplied by a generous number; improvement of business and social conditions; a development of the get-together spirit; and a strong push and a long push, all together, for ever a better and greater Coshocton.

Leap year is drawing to a close, and yet there have been only 217 marriage licenses issued in this county this year.

The polo league magnates, tiring of trying to catch Coshocton, are evidently trying to make the team wear itself out by frequent games. We'll fool 'em at that.

If you haven't made up your mind what you are going to swear off, you might just as well pass it up; it's generally only a matter of a few days at best.

If any one wants to predict snow for New Year's day, let him hold up his right hand and announce it in a whisper.

Sheriff Browning and Sheriff McDonald make a pretty good pair to start the new year with.

A good resolution to make tomorrow would be never, never, never to be without The Daily Age on the sitting room table. Honest, that's good for a 365 day thought.

The Mission

Of those corpuscles in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly endanger your health. These corpuscles are made healthy and strong by the use of Hood's Sarsaparilla.

This medicine is a combination of more than 20 different remedial agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth. No substitute, none "just-as-good."

Sage of the Age

This is the night when lovers have a real excuse for sitting up late.

The time of Phil Sies will out on their annual circus at the risk tomorrow night.

Council has breathed its semi-annual sigh of relief after disposing of the appropriation ordinance.

The grand change at the courthouse will soon commence.

Thoughts of baseball are beginning to return.

It's funny that the Bull Dogs get knocked out of the game when there are two such good doctors along.

Shooting matches are becoming very popular. It might be a good time for Uncle Sam to call for recruits.

If we had to depend altogether on the weather man for ice it is probable that there would be a great deal of sour milk and warm lemonade next summer.

RELIGIOUS WORKERS TO SEE NEW YEAR IN

Chicago, Dec. 31.—In the Coliseum here tonight 12,000 Christian workers will await with hymns and prayers the coming of the new year. It will be a gigantic old-fashioned "watch night" service, participated in by evangelists from all parts of America.

Tonight's service will be the closing scene of a three days' revival held under the auspices of the Moody Bible Institute of this city. Among the men who are attending the services are the following:

Dr. L. W. Minshall of Germantown, Pa., a distinguished Methodist evangelist, who has been engaged to conduct evangelistic meetings in the Panama canal zone; Dr. William T. Biederwolf, Monticello, Ind., who is just concluding a six months' campaign in Kansas, assisted by three evangelists; William Phillips Hall, New York, president of the American Tract society and of the American Bible league; Mrs. J. Ellen Foster, Washington, who has recently conducted special investigations of child labor and prison conditions for President Roosevelt; Dr. A. B. Simpson, founder of the Christian Missionary alliance.

The old fashioned way of dosing a weak stomach, or stimulating the heart or kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak stomach, heart, or kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail, then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by C. E. Anderson, Coshocton, and by C. M. Ferguson, Roscoe.

SHERIFF'S HAPPY NEW YEAR
 Sheriff Browning received a nice New Year's present in the shape of an order from Judge Nicholas for \$300 as fees in criminal cases during 1933 in which the state failed to convict or the defendants were insolvent. He is given the same authority as sheriffs and is empowered to make arrests without warrants.

Reichart of the Zanesville team is last making a record as the star center of the league—Uhrichsville Chronicle.

But Doc Harrold can play rings around any of them.

Last night was Coshocton's only period of rest this week. Perley prepared for the occasion with a big fat since pie. Last night he wrote a letter way down east to attendants in his chicken farm.

A little rooting, intelligent and noisy, helps a player, Arthur Williams played brilliantly Monday night against Ashland, and the rooters were giving him the kind word and glad hand all around the arena. "Good work, youngster," "put it to them," "that's the stuff," "you're on to the job" and all that singing in a player's ear makes him get into the game with both feet.

The Twin City lads accompanied by a bunch of boosters will be on
